

INTERSTATE-McBEE

**Serving the
diesel and natural
gas industry for
over 60 years.**

MCBISXINJ- We now have external o-ring kits for the Cummins® ISX engines. The MCBISXINJ contains the necessary seal o-rings to install the injector. The seals are color coded for correct orientation on the injector.

M-1278216 and M-4P2995 new injector assemblies are now available for Caterpillar® 3116 applications. The M-1278216 is for off highway vehicular applications while the M-4P2995 is used primarily in on highway truck applications. Contact the Parts professionals at Interstate McBee for exact applications.

A-23513939PR-Injector Rocker Arm service kit is now available for Detroit Diesel Series 60® applications. The kit includes a new pin and a new roller made from a Ceramic material.
